Dear Mr. Castañón:

As you have requested, I am writing you this letter to explain our credentials as a worldwide Accreditation Body. *Perry Johnson Laboratory Accreditation, Inc. (PJLA)* complies with ISO 17011:2017 Conformity Assessment-General requirements for accreditation bodies accrediting conformity assessment bodies. The verification of such compliance is evaluated by the International Laboratory Accreditation Cooperation (ILAC) and Asia Pacific Laboratory Accreditation (APLAC). PJLA is a signatory to both mutual recognition arrangements (MRAs) with ILAC and APLAC as many other accrediting bodies in the world such as: ema-Mexico, Accredia-Italy, UKAS-United Kingdom, CNAS-China, NATA-Australia, JAB-Japan. This recognition is an attestation that PJLA operates in accordance with international standards and is deemed an acceptable accrediting body to grant ISO/IEC 17025:2017 accreditation to various testing and calibration laboratories. Additionally, this recognition grants our accredited laboratories worldwide acceptance by similar organizations within the same MRA.

If you need further information, please feel free to visit the ILAC www.ilac.org or APLAC website www.aplac.org at any time.

Sincerely,

Tracy Szerszen
